The documentary „Faces of Agata” depicts the story of an extraordinary artist, Agata di Masternak. When she was 16, she was diagnosed with hemangioma of the jaw and cheek. The sentence – 3 more years of life at most. Today, 33-year-old Agata is a great portraitist. The film will be a journey through the world of Agata – her experiences, creative searches and struggles on a difficult path to artistic fulfillment.

„Painting saved me.  
I was born again then,  
I got out of the tube of paint.”
